

UM-JPT-1200

All Purpose Ruffler Machine

The United UM-JPT-1200 is designed to sew either pillow tops or Euro top gussets to inner panels or continental box spring borders to non-woven panels.

PTP Parts - 1 Year Guarantee

This machine comes with our patented PTP "Black" parts that we guarantee to not wear out in your machine for 1 year.

Patented PTP technology is a special surface treatment patented by Jumpsource for metal components, allowing fast-moving parts and components to achieve exceptional strength, durability, and increasing life.

SPECIFICATIONS	UM-JPT-1200
Max sewing speed (rpm)	4000
Recommended sewing speed (rpm)	3800
Max material thickness	1/4" (6.25mm)
Min material thickness	flat
Material width	4"-20" (101mm-508mm)
Stitches per inch (spi)	5
Yield	240+/- panels/8 hour shift
Needle type	135x7
Needle size	22
Voltage	220 (alternative voltages available)
Current (amps)	5
Air pressure (psi)	80
Air consumption (cfm)	2

The United UM-JPT-1200 is a single needle chainstitch machine equipped with direct drive system for improved maintenance.

- Built in puller system
- Direct drive motor system
- Accepts quilt and non-quilt gussets
- Electric needle positioner
- Sews conventional box spring to non-woven panel
- Sews both pillow top or Euro top gussets to inner panel

Sourcing Unlimited's two companies, United Mattress Machinery and Jumpsourc, are industry leaders in producing the highest quality of machinery and aftermarket parts.
