

UM-1000-VTF

Top Feed Chainstitch Machine

The United variable top feed - for stretch materials and even feeding for general mattress sewing.

PTP Parts - 1 Year Guarantee

This machine comes with our patented PTP "Black" parts that we guarantee to not wear out in your machine for 1 year.

Patented PTP technology is a special surface treatment patented by Jumpsource for metal components, allowing fast-moving parts and components to achieve exceptional strength, durability, and increasing life.

SPECIFICATIONS	UM-1000-VTF
Max sewing speed (rpm)	5500
Max recommended sewing speed (rpm)	4500
Pressure foot height	1/2" (12.7mm)
Max material thickness	1/2" (12.7mm)
Min material thickness	flat
Voltage	220 (alternative voltage available)

United's UM-1000-VTF variable feeding is equipped with a complete electronic package of direct drive motor, electronic chain cutter, foot lift and needle positioning.

- Variable top and bottom feed mechanism
- Direct drive motion
- 401 single needle chainstitch
- Great on stretch materials
