

UM-400-BS

Panel-Binding & Continental Cover Machine

United's UM-400-BS is a panel binder and boxspring machine featuring a variable top feed system which is an advantage of the traditional walking foot mechanism.

PTP Parts - 1 Year Guarantee

This machine comes with our patented PTP "Black" parts that we guarantee to not wear out in your machine for 1 year.

Patented PTP technology is a special surface treatment patented by Jumpsource for metal components, allowing fast-moving parts and components to achieve exceptional strength, durability, and increasing life.

SPECIFICATIONS	UM-400-BS
Stitch type	single needle chainstitch
Max sewing speed (rpm)	5000
Recommended sewing speed (rpm)	4000
Needle type	DCx27
Needle size	21
Motor type	servo needle positioner
Max thickness capacity	4" (101.6mm)
Voltage	220 (alternative voltages available)
Yield	170 +/- foundations / 8 hour shift
Current (amps)	5
Air pressure (psi)	80
Air consumption (cfm)	2

The UM-400-BS, with its variable top feed system, can sew all types of materials from stretchy material, non-woven to no stretch materials.

- Prepares the non-quilted side of no-flip bedding
- High-lift walking foot variable top feed
- Single-needle chainstitch sewing head
- Accepts either border rolls or pre-closed borders
- Deskills operation for sewing operator
- Retractable binder assembly
- Full adjustable feed both top and bottom
- Direct drive motor
- Touch screen
- Electric foot lift
- Needle positioner
- Finger touch chain cutter
- Yield: 170 +/- foundations/8 hour shift
- Material: 1/2-4" (12.7-101mm)

Sourcing Unlimited's two companies, United Mattress Machinery and Jumpsource, are industry leaders in producing the highest quality of machinery and aftermarket parts.
