

UM-ATE-2700

Heavy Duty Tape Edge Machine

Our UM-ATE-2700 utilizes our strong turning arm, flip device, and motorized belt table to simplify the tape edge process while making it more ergonomically safer than manual tape edge operations.

PTP Parts - 1 Year Guarantee

This machine comes with our patented PTP "Black" parts that we guarantee to not wear out in your machine for 1 year.

Patented PTP technology is a special surface treatment patented by Jumpsource for metal components, allowing fast-moving parts and components to achieve exceptional strength, durability, and increasing life.

SPECIFICATIONS	UM-ATE-2700
Max sewing speed (rpm)	4000
Max Recommended sewing speed (rpm)	3500
Max mattress height	20" (500mm)
Min mattress height	3.5" 990mm)
Gross weight	2700.bs (1250kg)
Voltage	220 or 380
Air pressure (psi)	87

The UM-ATE-2700 automatic tape edge is the most advanced on the market. The belt table is integrated with a Singer 3000UX5 or the Pfaff 5625 sewing head. It utilizes our strong turning arm, flip device, and motorized belt table to simplify the tape edge process.

- Max mattress height: 20" (500mm)
- Automatic slop adjustment
- Heavy Duty flip arm
- Auto head lowering at the corners
- Choice of sewing head options with either Singer 300UX5 or Pfaff 5625

Sourcing Unlimited's two companies, United Mattress Machinery and Jumpsource, are industry leaders in producing the highest quality of machinery and aftermarket parts.
